

**PERMANENT DELEGATION
OF NORWAY TO THE OSCE**

OSCE HIGH-LEVEL MEETING ON VICTIMS OF TERRORISM
Vienna 14 September 2007

Norway's statement at the closing plenary
by Mr. Carl P. Salicath, Senior Adviser
Royal Norwegian Ministry of Foreign Affairs

Mr. Chairman,

As always in the OSCE, it has been particularly interesting to listen to the NGOs present. They are bringing us a wealth of insight and experiences. They have also made a large number of recommendations that should be studied by us, the representatives of the governments. I should thus have wished to see a larger number of government representatives around our meeting table yesterday and today, so that all of us could have listened to the important statements that were made. We also wish that all NGOs that wanted to be present had the possibility to do so, based on the modalities we all agreed on in the Helsinki 1992 document.

Thank you.
